In claim 4: line 2, "is" has been replaced with – are – for the same reason as above.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the references cited teaches or fairly suggests the solid-state imaging device of the present invention, in which, besides a one-to-one relationship between each lens of the plurality of on-chip lenses and a sensor portion in an imaging region, a primary lens registration location can be selectively located at a region of the imaging device depending on a physical characteristic of imaging element structure, and such selected location being deviated from a center of the imaging region.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
